PROFESSIONAL SUMMARY

Results-driven Software Engineer with 4.5+ years of experience delivering scalable, high-performance web applications across enterprise and product environments. Expertise in React.js, Node.js, and full-stack JavaScript development with a strong track record of improving user engagement and application performance. Proven ability to own end-to-end feature development, collaborate cross-functionally, and thrive in fast-paced agile teams.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Redux

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, PostgreSQL

Tools & Practices: Git, Agile/Scrum, Responsive Design, Performance Optimization, Data Structures & Algorithms, Cursor, Claude Code, TablePlus, Jira, UI Path, Parallels

WORK EXPERIENCE

Software Development Engineer II | **Welocalize** • Noida, India

May 2025 – Apr 2026

- Led frontend development of translation workflow modules using React.js, focusing on reusable component architecture and rendering performance.
- Designed and built backend REST APIs with Node.js and Express.js to manage high-volume requests.
- Partnered with product, QA, and backend teams in an agile environment to deliver features end-to-end with minimal defect rates.

Software Engineer | **Bold Technology Systems** • Noida, India

Jan 2024 – Mar 2025

- Owned frontend development for Live Career, a resume-building platform used across 23 countries, serving millions of users globally.
- Implemented responsive design patterns ensuring consistent cross-device UX, contributing to a 20% increase in user engagement and a 15% reduction in bounce rate.
- Maintained and enhanced a large-scale React.js codebase, refactoring legacy components to improve performance and testability.

Associate – IT (MERN Stack Developer) | **Metaverk** • Gurgaon, India

Aug 2023 – Nov 2023

- Contributed to full-stack development of Exuber.ai product as a MERN stack developer, building user-facing features and supporting APIs.
- Delivered regular product demos to international clients, translating technical capabilities into business value and gathering feedback for iteration.

Assistant System Engineer | **Tata Consultancy Services (TCS)** • Noida, India

Jul 2021 – Aug 2023

- Contributed as a Frontend Developer on iRail (Intelligent Railways), a TCS product built for railway network optimization and scheduling in the European region.
- Sustained and enhanced a production-grade web application over 2 years, ensuring reliability and delivering incremental feature improvements.
- Won the Elevate Wings Award for Full Stack Web Development and the Xccelerate Warrior Award for consistent performance – both prestigious internal TCS recognitions.

EDUCATION

B.Tech in Computer Science | **Bharat Institute of Technology** • Meerut, India
CGPA: 8.32 / 10

Graduated Aug 2021

CERTIFICATIONS

- The Complete 2020 Web Development Bootcamp – Udemy
